# Other Print Resources

## Faith Promise Cards

These cards are available for you to use as you are raising support. Make sure your name appears on the reverse side to be sure the support is credited to your account! As people consider how to give it's a handy way for them to drop their gift in the mail that first time.

**Uses:** Mail in an envelope along with your letters or place on tables during church visits or conferences.

## Mission History Book

For the history enthusiast, these are a great way to share the amazing story and legacy of InFaith. Filled with historical and color imagery, including actual pieces of the little books sold in the early years of our ministry.

**Uses:** Hand out as a gift to someone who is interested in the rich history of InFaith.

Or, purchase some large envelopes and mail to specific donors interested in history.

## Thank You Postcards

It's important to say "thank you" especially as you first are raising support. These cards will be a nice way to say thank you and continue to be consistent in reminding them that you are with InFaith.

**Uses:** Mail in response to gifts received.

## Thank You Card w/Envelope

It's important to say "thank you" to donors. These cards with envelopes are a nice (and relatively inexpensive way) to say thank you periodically — and look like official InFaith communication while doing it!

(Card back is Scripture verse/InFaith logo; not shown).

**Uses:** Mail in response to gifts received.
